

Lake Activities Endless at Stonewall Resort

Twenty-six miles long with 82 miles of shoreline, Stonewall Jackson Lake is the second largest lake in West Virginia. With a 374-slip marina, various models of watercraft available for rental, including 4 houseboats, and a resort-owned lake excursion boat, water enthusiasts have all they need for the perfect lake getaway.

The lake's secluded coves, private fingers and open waterways provide guests with top-notch boating and fishing opportunities and unmatched scenery and solitude.

Little Sorrel, the resort's bi-level, 100-passenger excursion boat, offers lake tours regularly throughout the season, including occasional dinner cruises.

For those interested in a little exercise with their lake exploration or to join in a naturalist-led tour, the resort has kayaks and canoes available. There are also paddleboats and water trikes on hand for the kids to enjoy.

The 374-slip marina, the largest in the state, offers the boater all the essentials for spending time on the water. Gas, food and beverages and fishing supplies can be purchased in the marina store located on the dock. Those just visiting for the day can use the marina's public boat launch.

One 40-foot and three 45-foot houseboats are available for rental and come equipped with all the comforts of home. The 45-foot houseboats can accommodate up to eight people comfortably, and the 40-foot boat can accommodate up to six. With kitchen, living area, bathroom, outdoor grill and a myriad of other amenities, they provide a fantastic way to enjoy the lake experience. Pontoon and fishing boats are also available for rental.

Stonewall Jackson Lake is also known as the best bass, crappie and muskie fishing impoundment in the state. Anglers have their choice of fishing the submerged trees and brush lining the coves and backwater areas or trolling deeper in the open lake channels. With miles of accessible shoreline, fishing is as good from the bank as it is from in the boat.

Whether hunting trophy bass, gliding through the water in a kayak or soaking up the sun and scenery on a leisurely cruise, Stonewall Jackson Lake and Stonewall Resort provide the perfect setting for any lake vacation.
